Mad Ad

संस्कृति स्कूल में होने वाले कई कार्यक्रमों में से एक कार्यक्रम है क्लब डे। इस बार कक्षा नवीं के छात्रों ने मैड ऐड की प्रतियोगिता में भाग लिया। इस प्रतियोगिता के अंतर्गत छात्रों ने नाटक के रूप में हमारे समाज में प्रचलित दुखद परंपराओं का प्रदर्शन किया और हमें हमारे समाज में सुधार लाने के लिए प्रोत्साहित किया। इस प्रतियोगिता का मुख्य संदेश यह था कि दर्शकों को समाज में सुधार लाने के लिए रोचक और दिलचस्प तरीकों से प्रोत्साहित किया जाए। छात्रों ने सफलतापूर्वक केवल दर्शकों का मनोरंजन ही नहीं, बल्कि उन्हें जागरूक भी किया। इस प्रतियोगिता में छात्रों को अंक कई बिंदुओं पर मिले, जैसे कि विषय वस्तु, अभिनय क्षमता, संवाद शैली, आत्मविश्वास, प्रस्तुति-करण, आदि।

Interact Club
Grade 10
On My Mind

The event Organized by the Interact Club, On My Mind, was one distinct from most others as one of the major aspects of the event was to talk about social issues which are generally subjected to societal stigma. The very fact that the event dealt with unconventional subjects made it unique. All the houses participated with the utmost vigour and enthusiasm and all the participants were commendable. Prakash house was the first to perform and they delivered a heartwarming skit and speech on the topic of mental health. They were followed by Pratigya house whose members delivered an elaborate play on the subject of time management . Prayas house gave a moving speech regarding social media usage and cyber safety. Finally, Prakriti house gave a grand performance which incorporated singing dancing and beatboxing through which they put forward their views on the matter of body positivity and self love. Overall, the activity gave the participants to talk about such issues, that are normally ignored, on an open forum. The judges were Apranta ma'am, Anjana ma'am and Vandana ma'am.

Neutrino - The Physics Club

Grade 11

Back to the past

On 30th April, 2019, Club Neutrino conducted an event for the 11th grade. Addressing the division of classes into their respective streams, the activity was aimed at unifying the grade into a Revision-esque competition, one that could be attempted by all students irrespective of their choice of subjects (Science/Commerce/Humanities). Based on the 10th grade syllabus, the 4 major chapters (Light, Human Eye, Electricity, Magnetic Effects of Electric Current) were divided amongst the 4 houses, each of which had a team comprising 4-5 members. All teams put in a good effort and produced models that contained elements from their respective chapters.

Pratigya House put forward a working model of a magnetic lift while Prayas House demonstrated atmospheric refraction and the Tyndall effect through a container filled with dense smoke, accompanied by a Ppt that showed various other light phenomena. The other two houses also transpired to demonstrate some crucial concepts through their experiments: Prakriti House prepared 3 models that showed refraction, interference pattern of light rays and the working of a periscope and Prakash House created 2 types of organic batteries (potato-battery & vinegar-battery) as well as a solar cell-powered vehicle. Both were followed by a presentation that exhibited the relevant concepts.
