REG: EXAMINATION IN THE SUBJECT OF COMPUTER SCIENCE FOR 2016 EXAMINATION

Sir / Madam,

You are aware that the syllabus in the subject of Computer Science has provision of learning any one of the two language i.e., C++ or Python. In order to safeguard the interests of the students appearing in the subject Computer Science during evaluation, you are requested to:

1. Intimate which language i.e., C++ or Python is being taught in your school;
2. Instruct the students appearing in the subject Computer Science to write the name of the language being attempted on top of the answer book;
3. If the school is a centre for the 2016 examination, the Centre Supdt. so appointed should instruct the Assistant Superintendents and the candidates to write the name of the language attempted on top of the answer book, as is being done in the case of Core / Elective languages and Course A / B languages.

Yours faithfully,

(S.S.RAWAT)
