

DK presents
The DK Quiz 2015
Exciting school quizzes to seek out Delhi's smartest students
Presented by DK
Powered by Quizcraft Global and Eureka!

Sanskriti School is inviting students of classes VII to IX to participate in **The DK Quiz** which is being organised in association with Eureka Books and Quizcraft Global. It is a 45-school event, where our School chapter will be held on **Thursday, August 27th 2015**.

The format is unique. We are inviting all students (at least 100) from classes 7-9 for a written preliminary round to be held within the school premises. From this preliminary on the same day, 6 teams will be selected for a stage final of 4 rounds. The winning duo then go to the interschool finals.

In this quiz rather than focussing on the regular quizzers of the school there is a unique opportunity for all children of the age group to participate. **The quiz content will cover topics such as Space, History, Earth, Animal World, Countries of the World and so on.**

For any clarifications, please contact Ms. Swati Shukla, Ms. Medha Scott or Ms. Sanchita Ghosh

What is the event methodology?

- We welcome at least 100 students from Classes 7-9 to participate in this event, which will be held within the school campus. **Please form teams of 2 students each**

- The school quiz will proceed as follows: a **Written Quiz**, comprising 20 questions, will be conducted for the 50–60 teams of two students each. The children will be given a **Written Quiz Sheet**, on which they have to write their answers. The team will then read out the prescribed set of questions off a projection screen. This question set will vary from day-to-day, so as to be cutting-edge contemporary and also explore the myriad fields of human interest and endeavour. This activity will take approximately 20 minutes.
 - The answer sheets will be collected and evaluated there and then. The QuizCraft team will take approximately 25 minutes to do so and zero in on the 6 top-scoring teams that make it to the **Stage Final**.
 - While evaluating the answer sheets, if there is a tie on points, special ‘star’ questions will be used to resolve it. These ‘star’ questions will be built into the preliminary question set.
 - The top scoring 6 teams will then face off in a **Stage Final** of 4 rounds (varying formats: direct oral, audio-visual, progressive, wipeout, jumbled words, acrostic) from which 1 team will emerge as the **School Champion**. This team will represent the school at the **Grand Finale**.
 - Each student participating in the **Written Quiz** will receive a **Certificate of Participation** on the spot. All students that make it up to the stage will receive **Merit Certificates**. Also, there will be exciting prizes not only for the winners but also for the audience, since the quiz will be highly interactive and engaging.
 - The winning team from the **Stage Final** will be invited to the inter-school **Grand Finale** (scheduled for October 2015), details of which shall be communicated at a later date.
 - **The quiz questions will be derived from the following: science, history, lifestyle, sports, children, travel, cooking, and gardening. The focus will be on testing students’ awareness of the world around them and the events they are witness to.**
-
