

Sanskriti School
Dr S. Radhakrishnan Marg
New Delhi

1st December, 2015

Dear Parents,

It gives me great pleasure to inform you that our school is continuing with the Indo- German Exchange Programme with Imma Mack Real Schule, Munich under the aegis of Max Mueller Bhavan, New Delhi in 2016. The exchange is open to students who are currently studying in Grade 7 and 8.

The first part of the programme will take place during May, 2016, with about 16 of our students going to Munich accompanied by Ms Molina Sewal and Ms Nidhi Bajaj Anand of our school. The second part of the programme will be in October - November 2016, with the German students, accompanied by two of their teachers coming to Delhi.

Going by our past experience, this exchange programme would go a long way in promoting cultural relations between the two countries and will provide invaluable exposure to our students as they live with the native Germans. During the exchange our students will be exposed to the German culture, language and way of living. The students will collaborate and do a joint project, which is bound to broaden their outlook. In the second half of the programme our students would need to host their German friend and extend the Indian hospitality.

Students who are interested in participating in the 2016 Exchange Programme need to fill the attached form and return it to Ms Molina Sewal or Ms Nidhi Bajaj Anand by 21st December, 2015. Shortlisting of students will be based on their responses to the questions, as enumerated in the form enclosed and feedback from teachers along with academic performance. Preference will be given to students who are studying the German language and are currently in Grade 7 and 8. Selected students would be required to submit a formal application form. They will be given all the details of the programme in an orientation capsule which will be held closer to the exchange programme. The approximate cost of the exchange will be Rs. 1, 25,000 only (Rupees one lakh twenty five thousand only) per student if the group comprises of 16 students. This amount is subject to change depending on the existing circumstances.

With regards,

Abha Sahgal
