Healthy Food Festival

Grade 1

Class 1 celebrated Healthy Food Festival on 28th and 29th of November, 2019 in the respective classes. This was the culmination of the Healthy food month that was followed in November. Powerpoint presentations and videos were shown and class discussions on the importance of good eating habits and eating healthy were facilitated in the class. The children wore chef hats and made yummy cucumber sandwiches, cheesy delights with Monaco biscuits and cake slices decorated with chocolate syrup and gems. They welcomed their guests and led them to the beautifully decorated tables and served them the goodies with a smile. The children of grade 1 thoroughly enjoyed the activity and were happy with the treats and the feasts.
