

## **Visit to the Farm**

The little ones boarded Sanskriti buses with great excitement on 2<sup>nd</sup> December 2016, to visit a farm called Mogly farm. Our arrival was greeted with great warmth. The children displayed a great deal of enthusiasm and interest on seeing and identifying various farm animals.

Thereafter, they proceeded to the vegetable patch and saw various vegetable bearing plants. This was followed by an immensely enjoyable pony ride and a serving of light snacks. Our fun filled outing came to an end with a joyful ride back to school.
