

## Grade 6: Outing to Feroz Shah Kotla

Amidst the madness of exam preparation-- completing notebooks and assignments, submitting FAs and counting the stars and smiles awarded by the teachers in the written work-- the students of grade 6 went out to enjoy and relax themselves.

In the serene and mesmerising garden of Feroz Shah Kotla, the students spent their afternoon of the 13th of February, 2017. Under the warm sun and the pleasant breeze, the students enjoyed playing badminton, hide 'n' seek, catch-me-if-you-can and many more exciting games. Enjoying a sumptuous lunch in such a place was a memorable moment for all of them. They had happily forgotten about the exams and enjoyed their time with their friends and teachers. The teachers, too, got a break from their hectic schedule and enjoyed their time bonding and playing with their students and colleagues.

### Grade 7: Outing to Lodhi Garden

A fun-filled picnic was arranged for the students of grade 7 on the thirteenth of February, 2017, to the Lodhi gardens. They were enthusiastic as they assembled in front of the annex block at 9:35 to be given some instructions and to be moved in to their buses. They soon reached the Lodhi gardens. There, they talked to each other, played tag, badminton, tennis, etc., and ate their snacks. Overall, the kids were very joyful on having a day to themselves for playing and talking.

Everyone enjoyed a lot !

### Grade 8: Outing to Nehru Park

Ending the year with fun and frolic Class 8 went outside the school for a picnic to Nehru park on February 13, 2017. The students thoroughly enjoyed themselves. They played hide & seek, catch me if you can, UNO, chess, football and other games. They also relished various delicacies to their heart's content. The outing not only allowed them a brief respite from their busy study regime but also abated their anxiety about the upcoming exams. The much needed break from the hectic pre-examination days was cherished by everyone. Students returned with smiles on their faces.
