

POCSO workshop

A POCSO (Protection of Children from Sexual Offences) workshop was held in school on 25th of November, 2017 in the senior school conference room. It was presided by Dr. Jitendra Nagpal (MD DNB), Program Director of Expressions India – The National Life Skills, Values, Community and School Wellness Program.

He spoke in detail about the prevalence of child abuse in our society and emphasized on the importance of identifying symptoms that might be the cause of behavioral changes amongst students (regarding mental or physical abuse within the realms of society, i.e. family and friends). He reiterated the importance of the role played by educators in the safety and security of children.

The workshop was attended by all the members of Sanskriti School (i.e. teachers, administrative and support staff and school guards) and concluded with an interactive session where teachers shared their experiences and concerns regarding this.
