

Parents' Day Out

Class I had its Parents' Day and orientation on 12th and 13th of April, 2017. Parents were invited to the classrooms where the class teachers gave them some general guidelines and discussed the curriculum that would be covered in the year.

The parents later moved to the Prep lawns for some fun filled activities. They intermingled and answered an ice breaker questionnaire, Kamal Sir played tunes of a few famous songs which the mothers had to guess and sing. The dancing skills of the fathers was put to test as they did a paper dance with their children. The morning culminated with more warmth as all shared tea and cookies.

It was a fun filled interaction between the parents and teachers marking the beginning of a year of fun and learning
