

## Parents' Day Out

Parents' Day orientation of Class 1 took place on the 12<sup>th</sup> and 13<sup>th</sup> of April, 2016. Parents were invited in classes where both the teachers briefed them about the general guidelines and discussed the curriculum to be covered in Class 1.

They later moved to the Prep lawns for an icebreaker questionnaire to be able to interact with each other. The parent who finished first was declared the winner.

Paper dance was organized where one parent along with the child was asked to dance. The paper had to be folded at each step and the winner was the one who could manage to stand with his/her ward on the last fold.

The lyrics of a song were played and the mothers identified the song and sang for their children. It was a fun filled interaction between the parents and teachers!
