

## The Parents' Day Out

The Prep Team extended a warm welcome to the Parents of our little ones for the Parents' Day Out event organised in the Prep Lawns on the 21<sup>st</sup> and 22<sup>nd</sup> of April 2016.

The Parents were guided to their respective classrooms for a general and academic orientation by the teachers. Thereafter, the parents moved to the Prep lawns where they were requested to plant saplings thus celebrating "The Earth Day" with Sanskriti family. This was followed by our little ones singing with actions to the tunes of "Recycling in my home" and "I Love You" for their Parents with great enthusiasm. The finale of the event saw the Parents enjoying putting together the "Recycling Craft Activity" planned for them.

The event culminated with the serving of refreshments. It was indeed a day of fun and frolic for everyone!
