

First Prize won in Inter school 'Build thy concepts through a mathematical game'

Alankrita Malhotra of VI B, Tara Mukund of VII A and Nikita Srivastava Of VIII A participated in 'Build thy concepts through a mathematical game' at Bal Bharati Public School, GRH Marg. The students had to design a board game based on mathematical concepts and present it in front of judges explaining how effectively the game helps to learn math concepts. Sanskriti bagged the first prize among 16 participating schools. Bhavya Dwivedi, Arya Abhisri, Gauri S.Nair and Bhavi of VIII A contributed in designing the game. Sanskritians proved that teamwork and immense hard work always bring success.
