

WWF India Wild Wisdom Quiz 2018

To raise awareness about the value of nature and its conservation, WWF-India presents the theme for the Wild Wisdom Quiz 2018 – **"THE PRICE OF OUR PLANET"**

This theme will highlight the significance of our irreplaceable natural resources – forests and wildlife, oceans and rivers, plants and animals and our never-ending use of these resources. Through the quiz, each student will learn about

- How your choice will impact plants and animals that live both near and far, perhaps even on a different continent;
- How all living things that make up nature's web are so wonderful and varied, yet similar in their need to survive;
- The wonderful adaptations of so many plants and animals, some of which cannot live or thrive without the other.
- New discoveries and extinction,
- The many things in our lives today that are nature-inspired – from art and culture to science and technology
- Best practices and the use of sustainable innovation.

There is no limit on no. of participants. There is a nominal charge of ₹100/- only.

There are 2 categories:

Middle School (Grades 6-8)

Senior School (Grades 9-12)
