

NURSERY ORIENTATION 2016-17

Sanskriti School organised the Nursery orientation programme for the parents of the new entrants on 19th March 2016, in the junior school central courtyard. All the parents were made extremely comfortable and were warmly welcomed by the Principal Mrs. Abha Sehgal. She then introduced, the parents to the Nursery faculty and outlined the schools vision, facilities and finally the curriculum.

While addressing the parents Mrs. Abha Sehgal emphatically emphasized the role of parents in nurturing their children during their formative years, the importance of spending quality time with them. The role of the school in providing equal opportunities of learning to all children coming from different strata of society was also highlighted. She patiently answered all queries of parents and put to rest all their anxieties, while providing useful parenting tips. The event concluded with an informal interaction over a cup of tea and a visit to the Nursery classrooms where the parents could interact with the respective teachers.

The Nursery Team looks forward to a fruitful and a rewarding year ahead.
