

Dear Parents,

Back to school for a brand new year!

Pack your things and off you go,

Make new friends and say hello!

Reading, writing, learning more,

Than you ever did before!

It is with great enthusiasm that we welcome you to another fabulous school year. We are looking forward to working with you and your child in reaching his/her full potential. Together we embark on a partnership that will help your child make a smooth transition into a more formal learning environment in class II. Our curriculum is flexible & dynamic and we have many interesting topics to explore. Newsletters sent at the beginning of every month via the school website will keep you updated about all the activities.

Encouraging our children to accept and adapt to changes and learn to be compassionate will help them adjust in their new class, make new friends and build new relations. Since this is an essential life skill, our value for the month will be **'Making Friends and Bringing a Smile'**. It will also help them to generate team spirit and a sense of belongingness within their respective sections. The month of April will also have the children celebrating **'Book Week'**. Reading facilitates vocabulary building and immense thought formation. Keeping this in mind various interesting activities have been planned to encourage and enhance reading skills in our students. There will be storytelling sessions and children will be encouraged to create & illustrate their own stories. Children will also be putting up a special **Book Week Assembly**.

The more that you read,
The more things you will know.
The more that you learn,
The more places you'll go.
-Dr. Seuss

We will conduct **DEAR (Drop Everything And Read) TIME**, where everyone (from the Principal to the students) in school will pick up a book to read. To continue with the spirit of the **Book week**, children in their craft classes will be most enthused about making a book mark in the shape of a mouse. They will also make dream catcher fish hanging, an iguana and fun door hangings with a message e.g. **'Save Water'**. The Art classes start with a wakeup call as they learn to make a rooster. This will be followed by another fun activity where they make Humpty Dumpty!! They will also be introduced to cool and warm colours. They will learn about the colour wheel and center line (the first step to sketch correctly by 'Division of Space')

In stilling the value of the month of **'Making Friends and Bringing a Smile'**, Kamal sir will teach the children 'The more we get together.....' while **Anshu ma'am** will teach 'Bhajans' keeping in mind the festival of 'Ramnavami' and songs on summer holidays. Dance classes with Sukanya ma'am and Rahul sir will be full of excitement. Our little dancers will enjoy learning 'Nature Dance' and Indian Dance steps.

In the **computer classes**, the children will learn to paint using various tools of the paint software.

Concept building will continue in all the subjects.

ENGLISH:

- ✓ Position Words
- ✓ Creative Writing- Picture Composition
- ✓ Create a story book
- ✓ Punctuation
- ✓ Poem: Our Classroom
- ✓ Spell-o-fun
