Holiday Homework
Class – IV

Summer Holidays are Here!!!

The month of May has come again and it is vacation time! It is our constant endeavour to make learning enjoyable for our children. Some simple and fun filled activities are suggested here to make these holidays a joyful experience for them. They can share their experience with their friends, when they come back after their vacations in July.

Suggested activities

1. Collect any 10 different types of leaves from your neighbourhood. Try to find the names of the plants they belong to. Dry them well and paste them on a chart paper with their names.
2. If you are planning to go visit another place
 - Find out about the special cuisine, festival, language, dress and local climate of that area.
 - Click pictures which you can show to your friends.
 - Find out about the type of vegetation and crops found in the area you are visiting.
3. Plan an **excursion** to a historical monument with your family. Find out different facts and myths about that place.

4. **Beat the heat!!** Join your neighbourhood swimming club and enjoy different water activities with your friends. To make the vacations more exciting, freeze mango juice in an ice-tray and create your own lic lollies. ENJOY!!
5. Sharpen your thinking skills –
 - Solve word puzzles, Sudoku and brain teasers
 - Learn to play chess, carom, scrabble, boggle etc.
6. Become ‘**An Earth Saviour**’ and enjoy the following activities, with your friends in your area:
 - Help the gardener to water the plants and trees in your area.
 - You may put posters in your colony and ask people not to litter around.
 - Make a list of birds around and try to find their out names.
 - You can even make a simple bird bath (with a shallow bowl) and have fun watching the birds beat the scorching summer heat.
 - Be the green police of your house. Check if there is any wastage of electricity or any other resource and take steps to curb it.
7. If you don't have a pet, spend some time with a pet of your friend or neighbour. It will be a very amazing experience!

8. Spend some time with your mother or an adult in the kitchen and
 - Learn the names of the various spices and pulses.
 - Learn how to operate the different appliances.
 - Bake cup-cakes and learn how to correctly measure the ingredients.

- You can **learn simple recipes** and write them down in your Recipe Book. (eg– learn how to make lemonade, sandwiches, tea, butter milk/lassi etc)

9. **I am a writer!!!** Using waste paper, make a colourful scrap book pasting pictures and making notes of all the fun things that you have been doing every week.
10. Make **sock puppets** by gluing wool on the top of an old sock and using a permanent marker to draw eyes, nose and a mouth.
11. **Create your own herb garden:** Ask your mummy to help you set up a small herb garden in your balcony using herbs such as coriander and mint leaves. Remember to water and take care of your plant every day.
12. **Star gazing** – Use this as an excuse to stay up late in the night (when the sky is very clear), learn about various constellations, pole star etc. On a new moon night, you may even see meteors, if you are lucky.
13. Write a short story or a poem or learn some songs and pleasantly surprise your parents and grandparents by entertaining them while sitting on your terrace or balcony at night.
14. **Interviewing your grandparents** will also be a great and enriching experience. Ask questions about their childhood and see that smile on their face!
15. Keeping your room and cupboard clean is your responsibility. Please start today. Note what all you are doing around the house to help mummy.

Check list						
Made my bed						
Put away my toys						
Put the books in order						
Did dusting						

Watered the plants						
Wiped the bathroom counter						
Switched off lights and fans						
Kept the cupboard organised
