

CIRCLE TIME FOR PARENTS OF GRADE XII

The coming few months are going to be hard for children with multiple high-stakes exams and their preparation, and the uncertainty of college admissions all lined up. Of course, every child finds their way but the going can be tough.

With this in mind, the school is organising an hour-long **Parent Circle Time** to support and guide them during these significant months of children's life. This would be a safe space to discuss worries and hopes, where there can be brainstorming of strategies that help. The details of the sessions are as follows:
