AVISHKAAR MAKEATHON 2019

Ideas are invited from students of class VI, VII and VIII for the Avishkaar Makeathon 2019. A Google form is being posted in respective Google Classrooms of the students to collect their ideas. The submission of ideas is completely optional for students but we encourage them to share their thoughts. On acceptance of the idea, students will be mentored to create the prototype and participate in this event.

More information is available here <https://tinyurl.com/Avishkaar2019>

Last date to submit the form (accessible by students in their Google Classroom) is September 10, 2019.
