

**Talk by Tapan Pathak- Class 12**  
**Date: 14th December,2018**  
**Participants: Business Studies students of Grade 12**  
**Venue: Sanskriti School**

On the 14<sup>th</sup> of December, students of Business Studies studying in 12<sup>th</sup> grade had an hour long session with noted author Mr. Tapan Pathak, in the conference room. The session familiarised students with the manner in which case study questions are to be attempted for the Boards, and informed them of some of the subtleties in the textbook that must be given additional emphasis whilst preparing for exams in order to maximise their scores.

The talk was an enriching and interactive one, and helped students gain a better understanding of the manner in which they must prepare for application-based questions, so as to limit the scope of errors.
