

Carnival 2018

Carnival spirit brings to mind fun, frolic as well as ethos of altruism, selflessness and concern for others. Sanskriti carnival gives our students an opportunity to immerse themselves in this spirit wholeheartedly. Whether by selling raffle booklets or by organising games stalls, every student displays the quintessential philosophy Sanskriti lives by, i.e. the joy of giving is paramount. Though selling booklet is not mandatory, it is desirable as it is not just a monetary transaction, but a process of working unitedly to contribute towards bringing happiness in the lives of the less fortunate. Money is also raised through our stalls with handicraft items made by students of the junior school as well as game stalls manned by students of middle and senior school. Our Parents also take initiative in organising the jumble sale. This annual event is a wonderful opportunity for every member of Sanskriti family to come together and create a memorable event. Let us make unforgettable memories in the Carnival this year on 22nd December . All details and instructions uploaded on the website.
