

Class 4 Annual Day

The Magical World of Books- Teleport into the World of Wonders

The last two years of the pandemic have been tumultuous for our little children. The use of technology and the virtual world has opened new vistas of learning for them, but can anything beat the joy of reading books? Books not only take them to a different world of fantasy where there are no limitations, and spur the child's imagination and creativity. Not only do they serve as a stress buster in today's chaotic world, they also help in building lifelong problem solving skills in us. The Class 4 Annual Day was an attempt to revisit the most loved children's stories which appeal to the child in all of us through our favourite medium, song and dance. We adults have grown up with the stories of Akbar Birbal, The Blue Umbrella, Charlie and the Chocolate Factory, The Lion King ,Arabian Nights and Angelina and it is time to revisit our childhood with our children.
