

## **Subject: Free 1-Day Android App Development Workshop for Sanskriti School, New Delhi**

Dear Parents,

We hope you are doing well and staying safe. We are excited to introduce a **free 1-day workshop on Android App Development** for students of Grade 5 to 8.

### **Why should your child Register for this workshop?**

Coding has become a fundamental skill for the technology-driven 21st century. It inculcates computational thinking skills in kids which, in simple words, is the method of solving problems using technology. Additionally, it also helps kids in their academics, especially mathematics and physics. It makes them more creative and teaches them important life skills like problem solving, critical thinking, self-learning and so on.

### **Agenda:**

App Goal: **Snake Game**

Learning Outcome: Animation, Sprite Control, Game Design, Use of Variables

***\*Participation certificates will be provided to all attendees on successfully completing the workshop.***

**When:** 27 January 2022 at 12:45 PM

### **Material Required:**

As this is an online workshop, children will need a laptop with an internet connection to attend. Additionally, they will need an Android device towards the end of the workshop to see their app in action.

### **How to Register for the Workshop:**

Parents/Children just need to submit their details on the following link. We will send an invite on their email/WhatsApp/SMS.

**Link to register:** <https://zfrmz.com/FELPikBgzEwWRxQQdRTZ>

To keep the workshops interactive, we have only limited spots available.

Please feel free to get in touch with us if you have any questions or face any difficulties in registering for the workshop.

Regards,
