

JUNIOR SCHOOL ART DAYS, 2020-21

'Arts Education has the power to transform, illuminate, educate, inspire and motivate young minds.'

Junior school celebrated Art Days on 28th and 29th of October, 2020. It was a culmination of the creativity and hard work put in by the students of Nursery to Grade V spread over a number of classes. The theme was the state of Sikkim, and through various art forms children learnt about the diversity, culture, landscape, music and jewellery of this state. During dance classes children learnt the steps of Maruni - Sikkim's local folk dance and in clay they made colourful jewellery. While some children learnt how to draw the Himalayan mountain landscapes, other children enjoyed drawing the red panda - the state animal, or making the lion mask from the Losoong dance festival. In addition, students learnt a few popular local songs of Sikkim too.
