

Junior School Children's Day Celebrations

The junior school celebrated Children's Day with a lot of fervour. The day began with children being greeted at the school gate with chocolates. This was followed by a host of activities especially curated for the children such as a puppet show on gratitude, giving out colourful appreciation badges to them, cooking without fire, tattoo making on hands, class parties and a special assembly. The icing on the cake was the fun filled performances by the teachers! The teachers sang songs, recited poems, enacted short skits and danced to make the day memorable for their students. As the day ended, children got another chocolate from their teachers, reminding them of the joy and happiness they bring to them.
