

## **" The Science of today is the technology of tomorrow "**

Science Days were observed in Jr.School on the 14th and 15th of July 2022 .

As Carl Sagan said , " Science is a way of thinking , much more than it is a body of knowledge "

The "Science Days" celebration not only helped to develop a scientific temper among the students but also provided them with a platform to prove their talents and bring out their creativity .

An array of hands on activities were organised for the students of grades Nur to V.

Science Days activities :

Nursery-

- 1.Fun Experiments : Wonderful World of Science
2. Sinking and Floating
3. Recognising different sounds

Prep-

- 1) Soluble and Insoluble substances
- 2) Let us grow together: Germination of seeds

Grade One

- 1) Water Experiments
- 2) Properties of Air

Grade 2

- 1) Exploring Density with lemon -Sink and Float
- 2) Rainbow Experiments with Gems

Grade 3

- 1) Germinating seeds and observing the different stages of germination

Grade 3

- 1) I too can be a Scientist
- 2) Nature Walk - A walk of the School with the Gardener

Grade 4 -

- 1) Healthy salad making including all the nutrient groups.

## 2) Magic Of Science : Fun Experiments

Gade 5 -

1) I Love Science - Quiz Me

2) Collage Making : " Change in the Climatic Pattern"

" SCIENCE is not just learnt , it is lived "

The students were thrilled to learn and experience the practical application of Science in our everyday life.

They enjoyed all the activities thoroughly and learnt many new concepts in a fun and joyful way.
