

The students and teachers of grades of the Junior School participated in the “Vriksh Bandhan” ceremony in school today. The children tied biodegradable ‘mouli’ around the trees and took an oath to protect trees and sow more seeds. Through this ceremony, the students strengthened their bond with nature, and especially with trees, following the age old tradition of Rakshabandhan.

The following is the pledge taken by the students and teachers:

“We are the Sanskriti Tree tribe !

We are the tree saviours!!

This Rakshabandha, we celebrate Vriksh Bandhan. We pledge to protect and save our trees and environment . We shall plant more trees and plants. And we shall not allow anyone to cut trees.

We are the Sanskriti Tree Tribe!!

We are the Earth Saviours!!”

This was an initiative of concerned citizens who are collectively working to make Delhi breathe again.

Sanskriti Tree Tribe Pledge

We are the Sanskriti tree tribe
We are the Earth Saviours

This rakshabandhan we celebrate uriksh
bandhan. We pledge to protect and save our trees
and environment. We shall plant more trees and
plants . An we shall not allow anyone to cut trees

We are the Sanskriti tree tribe
We are the Earth saviours!
