

The culmination of WESPA World Under-18 Scrabble Tournament saw a gruelling competition between the top scoring teams from India and Pakistan. We are pleased to announce that our student, Madhav Gopal Kamath (6E), has made us proud by securing the second position in the same. For good measure, it is the highest position that India has ever secured in this tournament.

Madhav participated in 49 games against players ranging from 8 to 17 years of age. It was a very close competition with Madhav and the eventual champion (Syed Imaad Ali of Pakistan) ending up tied for the total number of wins; the final position was eventually determined on the basis of the overall points. Madhav was also facilitated with the award for the Best Player (under 12 years category).

To add cherry on the cake, Team India was conferred the title of 'Best Scrabble Spirit' for adhering to fair play and transparency throughout the tournament, which was conducted online. Heartiest congratulations, Madhav!
