Important decisions

- Academic
- Personal
- Career

Get involved

- Check the school website on a regular basis.
- Kindly make sure that you have accepted the Google classroom invite by the teachers for regular updates.
- Discuss school activities at home.
- Stay in touch with teachers and students on regular basis.
- Read school rules given in the almanac with the child.

Google Classroom is important!

- Google Classroom is used to conduct a variety of activities both curricular and co-curricular.
- All Homework assignments are posted on the Classroom.
- Important Materials such as Syllabus, Circulars, Announcements and Study Materials are uploaded on the Google Classroom.

Discipline

- Students must come to school in proper school uniform.
- Students must be regular and punctual in coming to school.
- It is advisable that children don't carry mobiles to school. In case it is absolutely necessary to carry, then it must be deposited in the morning. If a mobile is found in possession of any student during school hours, the same shall be confiscated and not returned.
- A leave application must be submitted to the class teacher every time a student is planning to take leave.

Attendance

- Students must be regular and punctual in coming to school.
- The School begins at 7:30 am and students must strictly adhere to the school timings.
- Taken into consideration at the time of Student Council shortlisting.
- Missing classes
- Difficult for teachers
- Difficult for the rest of the students

Communication

- At Sanskriti, we believe in strong communication with parents to work towards a common goal: to facilitate the best educational experience possible for students in a safe environment.
- The communication with parents will be mainly through the Google classroom or email.
- We can also arrange for telephonic conversation on request of parents.
- Please feel free to voice your concerns and write to the class teacher/Rep/Counsellors/Vice Principal/Principal.

Subject Options

- Students must decide their subject options with due deliberation.
- Every subject has its own difficulty level which must be understood.
- Once chosen, students must ensure that they give due time and effort to it.
- Frequent changes in subjects is not advisable. This leads to missing out on classes and delay in being able to catch up with the curriculum being covered in class.
- Requests for change in subjects will **NOT** be entertained after CBSE registration is done for students of Grade XI. Parents are therefore requested to guide students appropriately in making a decision about subject options.
