

Dear Parents

Thank you for your co-operation which helped us to streamline the process of arrival and departure of students. We look forward to your continuous support so that we can do away with any traffic hurdles in front of the school and provide a safe space for our children.

For the safety of the children we would like to reiterate the following:

1. Those children who commute by the school bus should reach the bus stop on time in the morning so that the bus is not unnecessarily delayed at any place.
2. The school gate will close sharp at 7:30 a.m. from Monday, 25th July, 2022 and no concession will be made for anyone.
3. The dispersal of children who commute under supervision begins only at 1:40 p.m.
4. Parents are requested to desist from picking up their wards before 1:40 p.m. from the school gate. The staggered timings for dispersal have been planned to ensure smooth flow of traffic. Furthermore, making the children exit the school when the buses are leaving can prove detrimental to their physical safety.
5. Parents should instruct their drivers to park properly and not block the road which delays the departure of buses and can also be a source of risk for our children.
6. School bus is the best form of transport for children as apart from being environment friendly and cost-effective it provides an excellent opportunity for children of all ages to co-operate, empathise and be responsible.
7. Every step we take is a lesson for our children as they learn by watching our actions. Let us show them how to become a conscientious citizen and carry on the legacy of Sanskriti School.
